

## OIS Foundation Day Celebration

25<sup>th</sup> August 2008 Did OIS originate.  
This year we collaborate  
With a promise to celebrate.

“Humility to learn, courage to conquer”  
The theme which brought us all together.  
With seniors working with juniors  
And even toddlers!

A great line up of activities  
Ranging from field games to physical games  
Buddy Reading to poster making  
Not to forget, having fun with math and science  
And playing with words to create slogans.  
Lesson three was the time  
When it all got done  
Interaction and learning made it a lot of fun

With astonished eyes and gleeful smiles  
With chirpy laughs and engrossed minds  
We didn't realize that time flies....
