

Dear Parents,

Just a brief note to answer a question that many of you might have, and some of you have already asked. The new weekend CCA programme is a separate entity from the weekday programme, and as such attracts its own kind of administration. This means that

- a) Activities on weekdays cannot be mixed with activities on weekends, and
- b) Weekend activities do not count against the weekday limitations of a maximum of four CCAs during these weekday CCAs. In other words, you can have four CCAs during the week (plus one homework club) and still book weekend activities as they are to be seen separately from the weekday activities.

Weekend CCAs will start on the Saturday after our short break which will be Saturday, Sep 18th, 2010. Please make sure you use this weekend for all final sign-ups as the sign-up period closes next Monday, Sep 6th, 2010 at 9.00 am.

I hope the above clarifies your questions.

Please do not forget to sign up for the upcoming PTM (Sep 9, 1.00 to 7.00 pm). Sign-ups can be done on ECampus, the module will open tomorrow, Friday, Sep 3rd, 2010 at 1.00 pm.

With best wishes for today,

Andreas Swoboda
Head of School
